

## TMMGIC Success Testimonial Script

Hello (Future Investor's Name), I am with an Investment Club. Instead of using our money, we are using the banks' money to invest. The Investment Club has helped (*or "is helping"*) me build my credit and I just received over \$20,000 in funding.

*\*\*(If you have not gotten your funding, use your members' stories- Ex: Many members have gotten over \$20k and I will be getting funded soon!)*

Because we're investing in Bitcoin, I took \$5,000 and started trading with a Robot that is averaging me 5% Plus Monthly in my Wallet. We have had months were it has been as high as 13%. Last week it gave me a return on investment of \$\_\_\_\_. My present Wallet balance is \$\_\_\_\_\_.

What are your thoughts?

Let me send you an information link.
